

Design Project Questionnaire

Please take a moment to fill out this questionnaire so that we can accurately assess the requirements of your design project. The more information you can provide us with, the better the outcome of your project will be.

What does your business do?

What are the goals of your project?

Who is the target market for your project?

What actual items do you wish to produce?

What other specifications can you give us with regards to colour/shape/existing branding etc?

What quantity do you need of each item?

What is the deadline for the project?

What is your budget for this project?
